## [The 'Cadillac' Of Physical Chemistry](#)

A leading book for 80 years, Physical Chemistry 4e features exceptionally clear explanations of the concepts and methods of physical chemistry. The basic theory of chemistry is presented from the viewpoint of academic physical chemists, but the many applications of physical chemistry to practical are integrated throughout the book. The problems in the book are also a skillful blend of theory and practical applications.

### **Personal Review: Physical Chemistry by Mounqi G. Bawendi**

This is not everyone's physical chemistry text. It is the intellectual's source for both the fundamental and advanced canon of physical chemistry. They must be great teachers, the book is clear, thorough and challenging.
